*Located in Medford, OR*

## Alteration Tips

- On average, standard wedding gown alterations cost **approximately \$400-\$800**. Customizations can cost more than the average. Final cost will be dependent on the seamstress and the work needed to be done.
- The ideal time frame for alterations is 2-3 months. It is recommended to start researching seamstresses and booking your fittings as soon as you have an estimated arrival time for your gown (provided by your stylist approximately 1-2 weeks after order date). **Please schedule ASAP if you will have less than 2 months for alterations.**
- It is extremely important that you feel confident and comfortable with the seamstress you choose. Just as you trusted your stylist to help you find your perfect wedding gown, you must trust that your seamstress will help you achieve the perfect fit. When choosing who to work with, ask for referrals from wedding professionals, friends and family. Read reviews and discuss your desires and expectations with the seamstress before booking.
- Charlotte's is not responsible for any alteration conflicts or issues. If, for some reason, you are unhappy with your alterations please discuss with your seamstress.

# Additional Services

We know how stressful and time consuming it can be to plan a wedding. Charlotte's is happy to offer our brides additional services so they can get everything done in one place.

## ***Steam & Press:***

It's important to get your gown steamed and pressed before your wedding day. We conduct this service in house using a professional iron. We iron everything from the inside out so it's perfect for your wedding day. Your gown is placed on a bust form to help keep its shape, and we do not set it in your garment bag until you have arrived to pick it up. We will show you how to place it in the bag, how to transport it, and what to do when you get to your destination.

***You must drop off your gown/items NO LATER than one week prior to your pick up date.  
Pressing must be paid in full at time of drop off.***

Please bring your gown in or call for a more accurate price quote. Price is determined by style of gown, fabric, difficulty and time. Pricing is as follows:

Wedding Gown Purchased at Charlotte's	\$150 - \$300
Wedding Gown NOT Purchased at Charlotte's	\$200 - \$400
Bridal Party	\$40 per dress
Veil	\$15 - \$30

---

## ***Preservation:***

In order for your gown to keep it's shape, color and fabric looking new, we suggest you get your gown preserved after the wedding. Schedule an appointment to drop off your gown during business hours NO LATER than 6 months after your wedding date to get preserved. Your gown will be shipped to the Wedding Gown Preservation Company and once they have received your gown, they will ship your dress to you within 8-12 weeks.

Charlotte's Bride (pricing if paid after wedding)	\$375
Wedding Gown NOT Purchased at Charlotte's	\$425
• Additional items besides your gown can be added for an additional fee.
