Alteration Tips

- On average, standard wedding gown alterations cost **approximately \$400-\$800**. Customizations can cost more than the average. Final cost will be dependent on the seamstress and the work needed to be done.
- The ideal time frame for alterations is 2-3 months. It is recommended to start researching seamstresses and booking your fittings as soon as you have an estimated arrival time for your gown (provided by your stylist approximately 1-2 weeks after order date). **Please schedule ASAP if you will have less than 2 months for alterations.**
- It is extremely important that you feel confident and comfortable with the seamstress you choose. Just as you trusted your stylist to help you find your perfect wedding gown, you must trust that your seamstress will help you achieve the perfect fit. When choosing who to work with, ask for referrals from wedding professionals, friends and family. Read reviews and discuss your desires and expectations with the seamstress before booking.
- Charlotte's is not responsible for any alteration conflicts or issues. If, for some reason, you are unhappy with your alterations please discuss with your seamstress.

Additional Services

We know how stressful and time consuming it can be to plan a wedding. Charlotte's is happy to offer our brides additional services so they can get everything done in one place.

Steam & Press:

It's important to get your gown steamed and pressed before your wedding day. We conduct this service in house using a professional iron. We iron everything from the inside out so it's perfect for your wedding day. Your gown is placed on a bust form to help keep its shape, and we do not set it in your garment bag until you have arrived to pick it up. We will show you how to place it in the bag, how to transport it, and what to do when you get to your destination.

***You must drop off your gown/items NO LATER than one week prior to your pick up date.
Pressing must be paid in full at time of drop off.***

Please bring your gown in or call for a more accurate price quote. Price is determined by style of gown, fabric, difficulty and time. Pricing is as follows:

Wedding Gown Purchased at Charlotte's	\$150 - \$300
Wedding Gown NOT Purchased at Charlotte's	\$200 - \$400
Bridal Party	\$40 per dress
Veil	\$15 - \$30

Preservation:

In order for your gown to keep its shape, color and fabric looking new, we suggest you get your gown preserved after the wedding. Schedule an appointment to drop off your gown during business hours NO LATER than 6 months after your wedding date to get preserved. Your gown will be shipped to the Wedding Gown Preservation Company and once they have received your gown, they will ship your dress to you within 8-12 weeks.

Charlotte's Bride (pricing if paid after wedding)	\$395
Wedding Gown NOT Purchased at Charlotte's	\$425
• Additional items besides your gown can be added for an additional fee.	

Ask about our Emerald Package

Shipping:

Shipping is available for any item purchased at our store. We can ship anywhere in the United States. Shipping costs change daily so call for a quote when you are ready to ship. NO International Shipping.

Suit & Tuxedo Rentals

Now that you have said yes to the dress, it's a good time to start thinking about the rest of your wedding party's attire!

Generation Tux:

We've partnered with an incredible online service for renting your suits and tuxedos for your wedding day. Generation Tux is the perfect place to secure the suit and tuxedo looks for your wedding day. With an easy online planning portal and over 25 different trending looks you are sure to find the perfect fit for your day.

[Click here to create your account and get started!](#)

Start by creating an account with the link above, then you can begin browsing the selection of suits and tuxedos available! Order your **FREE SWATCHES** to review color options and select the best fit for your wedding aesthetic.

Home Try-On:

Once you've built a look you love, order our **FREE HOME TRY-ON** for the wedding couple to review your suit selection in person. This is a great opportunity to make sure the look you've built online is exactly what you want, as well as test out the fit of the suit. Generation Tux uses a unique fit algorithm to find your suit size. Answer a few simple questions and the algorithm will find the correct size without the use of traditional measurements.

Free Rental for the Wedding Couple:

Use Generation Tux for everyone who needs to rent a suit for your wedding and you could receive the suit or tuxedo rental for the wedding couple for free!! With 5 or more rentals, the wedding couple will receive their rental for free. Generation Tux and their easy online management tool make it easy for you to track your wedding party and their orders to make sure everyone is getting their pieces correctly and on time!

Easy Shipping & Returns:

One of the best parts about Generation Tux is that everyone will receive their rentals 14 days before the wedding date! This gives everyone time to make sure the fit is correct and get it fixed if it's not. That way you know everyone will look their best on the big day.

After the event, you have 3 days to return your suits by an easy drop off at any UPS location.
